Candidate: BI & Analytics Engineer | BI Tools • SQL • Python • Fabric

EXPERIENCE

Data Analyst

Jan 2025 – Current

Fidelity Information Services

Atlanta, GA

- Designed and fully delivered 6+ Power BI dashboards and paginated reports, including drill-through, dynamic filtering, and navigation panes, providing C-Suite and VP stakeholders on-demand visibility into a \$100M+ technology portfolio.
- Architected reusable SQL views and semantic models unifying portfolio, cost, and risk data across 100+ CTO products and projects → eliminating siloed reporting and establishing a governed single source of truth for all downstream consumers.
- Instituted a standardized audit and documentation framework across 30+ dashboards via Power Automate and SharePoint → reduced production incidents by 80% and maintained a 99.9% reporting SLA.
- Led testing and development of a medallion architecture in Microsoft Fabric (bronze → silver → gold) → identified best use cases for different reporting needs.

Data Analyst

May 2024 – Dec 2024

Teradata - Contractor

Remote

- Built Power BI cost and capacity reporting for a \$40M+ annual project portfolio spanning 400+ FTE → enabled CIO leadership to reprioritize headcount and spend based on real-time ROI and capacity signals.
- Mapped 30+ ServiceNow tables, implemented SQL views, and enforced row-level security across semantic data models → reduced Power BI refresh time by 50% and improved model integrity for scalability.

Marketing & Program Growth Assistant

Jan 2022 – Jan 2024

Georgia Tech - Office of Legal Affairs

Atlanta, GA

- Scraped, cleaned, and analyzed data across 100+ peer institutions using Python and Excel → produced competitive benchmarking reports that directly informed program expansion decisions and budget prioritization.
- Designed and deployed employee and program requirement surveys via Qualtrics and Microsoft Forms → synthesized results into stakeholder-ready insights that shaped future marketing and program initiatives.

PROJECTS

Floaty AI | Trello, Miro, Artificial Intelligence, LLMs, API

April 2024 – Nov 2024

- Conducted 100+ customer interviews and applied AI-based sentiment classification to unstructured feedback → identified 5 key customer pain points that directly shaped the MVP feature roadmap.
- Benchmarked 10+ competing AI productivity tools through SWOT analysis and customer experience mapping → surfaced differentiation opportunities that guided product-market fit.
- Drove product roadmap using Miro and Trello, prioritizing features through user story mapping and agile backlog grooming → resulted in 50+ features sized for MVP and a defined release plan.

Home Depot Inventory Metrics Analysis | Python, Tableau, Jupyter

Jan 2024 – May 2024

- Led a 4-member analytics team processing 700K+ data points across 2,000+ store locations using Python (Seaborn, MATLAB, and Pandas) and Tableau → identified seasonal sales patterns and developed regional KPIs for senior leaders in Home Depot's Decision Analytics team.
- Built a modular Python ETL pipeline transforming raw source data into Tableau-ready datasets → improved reporting efficiency by 40% and designed for seamless ingestion of new metrics and schema changes.
- Served as interim project manager overseeing requirement gathering, stakeholder alignment, and dashboard delivery → presented insights to 30+ senior leaders in Home Depot's Decision Analytics team.

SKILLS

Data & BI: SQL, Power BI, Tableau, SQL Server, Fabric, Snowflake, AWS

Languages: Python, R, JavaScript

Workflow & Project Tools: Jira, Miro, Trello, ServiceNow, SharePoint, Power Automate, Excel, Qualtrics, Microsoft Office

Domains: Analytics, Architecture Design, Stakeholder Management, Data Governance, Executive Reporting, AI & LLMs

EDUCATION

Georgia Institute of Technology

Atlanta, GA

- M.S. Analytics, Data Science — Expected May 2027 · Dean's List 2 Semesters
- B.S. Business Administration, IT Management — GPA: 3.91 · Highest Honors · Dean's List 8 Semesters · Zell Miller Scholar
- Relevant Leadership Roles: Mentor @ GT First Gen Student Mentor Collective, Youth Christian Leader @ Đoàn Tôma Thin, Math Literacy Worker @ The Young People Project & Teacher Volunteer @ Georgia State University AFT
